PRINCIPAL'S MESSAGE

Mrs. MEENAKSHI JAIN

(PRINCIPAL)

The all-round development of students, especially at the primary level does not depend merely on academic teaching. Primary newsletter is, to my mind, a mode of sharing, a means by which members of the K.V. family may receive and learn newer modes of imparting education to our Primary-level children. Primary school activities and competitions are organized throughout the year.

Here's an update of the programs conducted by our Vidyalaya.

HEAD MISTRESS'S MESSAGE

Raj Kumari
(Head Mistress)

The newsletter for the period of April 2018 to September 2018 covers comprehensively the activities of the Vidyalaya in Primary section.

Jack Stock says, “When you appeal to the highest level of the thinking, you get the highest level of performance.” These words inspire me a lot. I strongly feel good school should aim at versatile personality development of each student. To ensure the overall development of each student, equal emphasis must be laid down on intellectual and emotional development. I with my team aim to impart a blend of value and culture in addition to conventional learning at the vidyalaya.

I hope that you will like the Newsletter. Your suggestions in this regard are solicited for further betterment in the Newsletter in future.

EDITORIAL

The philosophy of education examines the goals, forms, methods and meanings of education. And so, our vidyalaya enjoys the privilege of being a premier pace setting organization.

Primary education is the first stage of formal education. This stage examines the goals, forms and meaning of education. Exploring the young minds at a formative stage is really challengeable.

Primary education is why, what and how you teach, whom you teach and about the nature of teaching. It is a set of principles that guides the professional action through the events and issues that teachers face daily. Sources for your material are your life experiences, your values and the environment in which you live.

I sincerely thank the HM ma'am, all the primary teachers and students for having put up whole hearted efforts in bringing out this Newsletter under the expert guidance of the Principal ma'am.
